Dr. David Stone
The Council for Tobacco Research-USA Inc.,
900 Third Avenue,
New York,
N. Y. 10022.

Dear Dr. Stone,

We recently had a very enjoyable visit to our department by Professor Barry Pierce. During the course of our discussions he suggested that I should submit a research proposal to the Council for Tobacco Research. I wonder if you would mind sending me some information and instructions regarding the procedures for making application.

Thank you very much,

Yours sincerely,

Derek McCormick
(Senior Lecturer in Neuropathology)
